CONSERVING AND ENHANCING OUR HISTORIC COMMUNITIES

JOIN US FOR A TALK

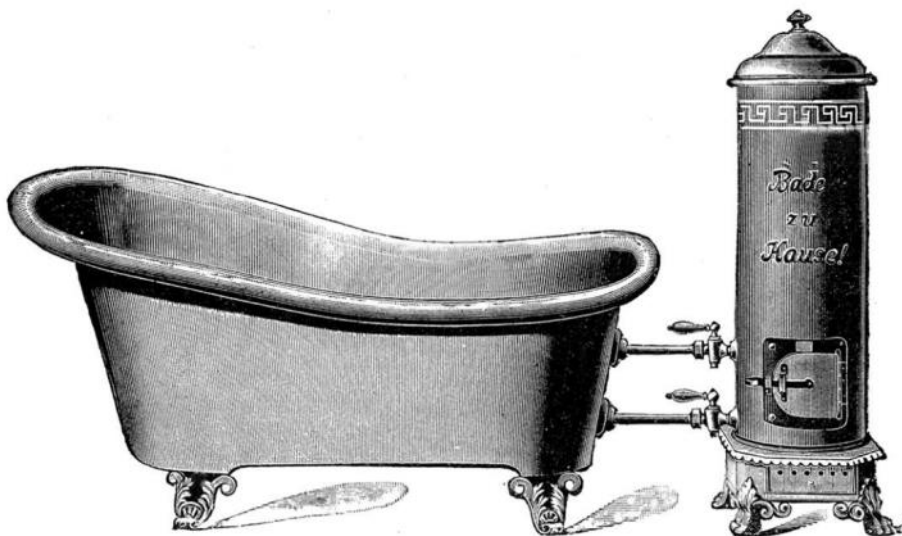

ALL MOD CONS?

A LOOK AT COUNTRY HOUSE TECHNOLOGY

WITH ROGER BAKER

AT LUNESDALE HALL, LA6 2BG
ON MONDAY 9 OCTOBER AT 7.30PM

WITH A SHORT AGM PRIOR TO THE TALK

Entrance £2.50 Refreshments included

Roger, a long serving member of the Cumbria Industrial History Society, has always been fascinated by our industrial heritage.

He tells of how the owners of large country houses responded when - in Victorian times - their relatives, friends and colleagues in town began to enjoy the benefits of gas and water, for example, with the turn of a tap!
