

## **Planning applications reviewed from September to October 2020**

The following new application was submitted to SLDC –

**SL/2020/0651 Barn at End of Shortbutts Lane Hutton Roof LA6 2PG** Conversion of barn into single dwelling, associated external works and installation of septic tank.

KLDCS objected to the proposals for the extensive conversion of this small barn stating that this would completely change the character of this unspoilt and isolated rural building. The overall final footprint of the dwelling would be double the size of that of the original two storey barn and KLDCS believes that this is contrary to the policies inherent in the permitted development which allows for the conversion to dwellings of rural buildings.

The following new applications were also submitted to SLDC, KLDCS had no comment-

**SL/2020/0641 Tearnside Hall Kirkby Lonsdale LA6 2PU** Alterations and extension to existing main house including extension of garden curtilage into adjacent paddock. Conversion of attached and detached barns to form 2no separate dwellings, the rebuilding and extension of the derelict stable to form outbuildings together with updated services including new sewage treatment plant and landscaping.

**SL/2020/0497 Market Cross Market Place KIRKBY LONSDALE** Removing the existing roof covering and replace with new liquid applied roof covering, repairs of damaged masonry, new proprietary outlet and repair of stone flag paving

No new applications were submitted to YDNP
